Company Reaches One Million Hours Without Lost-Time Accident

As a member of MEMA's workers compensation trust, we are pleased to announce, on behalf of **Mechanical Services Inc.**, that they celebrated their 1,000,000 exposure hours without a compensable lost time injury.

On August 11th, Mechanical Services honored their employees with a lunch and gave out incentive bonuses through a drawing. The employees who did not win in the drawing still received a \$50 prize.

Staff from MEMA attended as well as staff from our workers compensation third party administrator-Willis. It is obvious that commitment to safety by employees and management is what it takes to reach a goal such as this.

Congratulations to Mechanical Services Inc. for this outstanding endeavor.
